

COVID-19 PRE-SITE ACCESS QUESTIONNAIRE

We are asking all personnel that come onsite after being off-site for more than 7 consecutive calendar days (including unscheduled time), or that have traveled for business or personal reasons using mass transit (plane, train, bus) in the last 14 days, or that have been potentially exposed to COVID-19 or exhibited signs or symptoms of COVID-19 in the last 14 days, to answer a few questions:

1. Have you traveled to another country in the last 14 days?
2. Have you traveled within the United States in the last 14 days?
3. Have you come in close contact* with anyone that has traveled outside the US in the last 14 days?
4. Have you come in close contact* with anyone that has tested positive for COVID-19 in the last 14 days?
5. Have you come in close contact* with anyone that has a test pending for COVID-19 in the last 14 days?
6. Are you or anyone you've been in close contact* with currently experiencing any health issues such as?
 - a. Fever
 - b. Respiratory illness: dry coughing, difficulty breathing, shortness of breath
 - c. Fatigue
 - d. Loss of taste or loss of smell
7. Have you been fully vaccinated** against COVID-19?

YES	NO

Vaccine received: ☐ Pfizer ☐ Moderna ☐ Johnson & Johnson

Should you be granted permission to come on-site, be advised there are temperature screening stations set up at the entry to the facility and if you have a temperature $\geq 100.0^{\circ}$ F, you will not be allowed access. Once you have passed the temperature screening, you will be required to adhere to all non-pharmaceutical interventions (face coverings, distance yourself 6ft or greater when around others, wash your hands regularly, frequent clean-up of commonly used areas, virtual meetings, etc.).

Company: _____

Name: _____

Signature: _____

Date: _____

TPC Contact (for contractors only): _____

Work Reason (for contractors only): _____

*Close contact is defined as being with 6 ft. or closer for a minimum of 15 minutes of someone that is suspected of having COVID or is COVID positive.

**Fully vaccinated means you have received all doses of the type of vaccine you have received, and it has been ≥ 2 weeks since receiving the second dose of the Pfizer or Moderna vaccine or ≥ 2 weeks since receiving the Johnson & Johnson vaccine.
